# A Special Thank You!

I would like to extend my deepest gratitude to the Eric P. Newman Numismatic Education Society for awarding me their very generous 2019 Newman Grant.

Thank you for helping me toward achieving my goal of developing a currency plate proof census from compiled metadata and making the PDFs available to all.

I am also very grateful to Leonard Augsburger for his knowledge, patience and expert assistance.

I also would like to thank Peter Huntoon for sparking my interest in this fascinating field of endeavor!

I would include "Currency" in the quote below:

*There is nothing more fascinating than collecting coins, all history is summed up in them...they are the story of humanity.*

W.H. Valentine (1856-1927)

Thank you again for making this possible!

# Thank You to everyone at the National Numismatic Collection!

I am extraordinarily appreciative of the digitization team at the National Numismatic Collection led by:

Sherri Berger, Head of Digital Programs Office

Ellen Feingold, Curator of the National Numismatic Collection, Division of Work and Industry

Hillery York, Collections Manager, Division of Work & Industry

and Jennifer Gloede , Outreach and Collections Specialist

The museum has a program called the Friends of the NNC that provide funds to various digitization and education projects that are a priority for the numismatic community and the department.

If you would like more information about the program you can find it here: <http://americanhistory.si.edu/giving/friends-of-numismatics>

## Overview of the Smithsonian's 2014 "Rapid Capture" digitization program.

The National Numismatic Collection began a pioneering "Rapid Capture" digitization process in October 2014. The project was designed to digitize the certified proof sheets from the Bureau of Engraving and Printing collection. The proofs were transferred to the National Numismatic Collection from the 1960s and 1980s. The scanning process utilized a conveyor belt system with a huge 80 megapixel image camera to capture the items as quickly as possible. The process was much more effective compared to the older way using just a flatbed scanner. The Rapid Capture group photographed around 3,500 sheets daily. It cost less than a dollar a sheet. It was completed in only four and a half months. This project establishes a valuable resource for currency researcher and students.

for the Treasurer of the United States.

CONVERTIBLE INTO 20 YEAR 6 PER CENT U.S. BON.

The image displays five vertical strips of US currency, likely from the 19th century, arranged side-by-side. Each strip features a large, stylized number '3' at the top and bottom, with the word 'SPECIMEN' printed in red ink across the center. The strips are otherwise blank, showing only the texture of the paper and the faint outlines of the currency design.

INTEREST-BEARING NOTES -- THREE-YEAR NOTES

Act of Congress, July 17, 1861. Notes dated October 1, 1861.

Interest at 7 3/10 per cent., payable semi-annually.  
Denominations issued, \$50.00, \$100.00, \$500.00, \$1,000.00 and \$5,000.00.

The above Act of Congress was the first one passed for the purpose of raising funds to suppress the rebellion. Congress met in extra session on July 4, 1861, The Secretary of the Treasury estimated the expenditures for the fiscal year 1862 at over \$318,500,000.

President Lincoln asked authority to borrow \$400,000,000, but this Act authorized only \$250,000,000, of which a little less than \$140,000,000 was issued.

There were five denominations, all of which were made payable to order, with space provided on back for the endorsement of payee. The plates and printing were done by the American Bank Note Company, three notes being made on a plate.

The following is the description:

119	\$50.00	Large American eagle (center)
120	\$100.00	Portrait, General Scott
121	\$500.00	Portrait, George Washington, Justice seated (left); Ceres (right)
122	\$1,000.00	Portrait, Salmon P. Chase (center)
123	\$5,000.00	An Indian maiden, seated, with shield and eagle at her side, Justice standing (left) ; large 5,000 (right)

They had five coupons, each being for six months' interest. The last six months' interest was payable with the note, and this condition was so stated.

[www.CurrencyFreaks.com](http://www.CurrencyFreaks.com)

The rate of interest authorized was 7 3/10 per cent., the interest on a \$50.00 note amounting to one cent per day and each coupon calling for payment of \$1.82 1/2. On a \$100.00 note, interest two cents per day, coupons \$3.65; on a \$500.00 note, interest ten cents per day, coupons \$18.25; on a \$1,000.00 note, interest twenty cents per day, coupons \$36.50, and on a \$5,000.00 note, one dollar per day, coupons \$365.00.

[www.CurrencyFreaks.com](http://www.CurrencyFreaks.com)

By the supplemental Act of Aug. 5, 1861, these notes were convertible into twenty year 6 per cent bonds, of no denomination less than \$500.00.
